Dear Posey:

~~Dear~~ writing you first of all, to tell you I have decided we should make the May 9th in Newark opening day. After all if it did take an edge off the opening I would be mad with myself. Doing this means we will be putting our men on salary a week ahead of the others, but we will be alright, especially if we get the 13th in Washington.

Now Posey dont close with Tom on May 30 week end. If I get Brooklyn you are the only team that will go in there with us, and in case you do not get the 13th I certainly would want the 31st. I am sure I will know by the league meeting this week end.

Have you done anything about transportation? One of our biggest problems will be getting the bats, catchers equipment, etc. from one town to the next if we only stay there a day. If you have solved the problem please let me in on it, as it seems quite a big job to me.

Will see you this week end.

Very Truly Yours
